RADIO CLUB FALL PICNIC

THE LONG BRANCH SHELTER HOUSE
IS WAITING FOR THE HAMS

The Radio Club Fall Picnic will be on September 24, 2026 at the shelter house on the west side of Long Branch Lake this year. Around 5:00 p.m., the grill will be cooking the burgers and brats. We plan to eat between around 5:45. We'll enjoy the carry in meal & have a short meeting. After the meal, we will clean-up any trash and head to our home QTHs.

The Radio Club will provide the burgers, brats, buns and related items (sliced onion, pickles, catsup, yellow mustard). Plates, table service, drinking cups, and napkins. There will be plastic dinner knives, forks and spoons provided.

Members are asked to bring a covered dish and provide a serving utensil. Please bring what you plan drink with the meal.

**PLEASE RSVP BY SEPT. 22nd AND LET US
KNOW HOW MANY MEMBERS AND GUESTS
WILL BE ATTENDING THE PICNIC.
THE COOK NEED TO KNOW HOW MANY
BURGERS AND BRATS TO PREPARE**

AUGUST 2025 MEETING REPORT

Radio Club Pres. Jesse Jones, KDØETU, called the meeting to order. Charles Roberts, WBØHLW, the ARC Club Treasurer, reported a balance of \$892.32.

We discussed the upcoming Radio Club Fall Picnic. The information about the Picnic is in this Newsletter. Chris, KFØGUS said he could set up a radio that evening. (Note due to a family Health issue, Chris indicated later that he could not attend this year) Right now, we have 6 Hams signed up to attend the Picnic, but we really like to have 12 to 15 attending because "The more the merrier".

We discussed The Lester Dent * Doc Savage Special Event will be held at the Round House on October 17, 2026. The discussion also considered how many radios and antenna that were need for operation WØD Special Event. It was decided that we would use paper logging, because there was no need for dupe checking. The information currently on the WØD is about the Kansas QSO Party's WØD operation. The Information about the Lester Dent Special Event will be put on QRZ a little before October.

Chris Clark, KFØGUS, said that they had added Echolink to the Moberly Repeater (KØMOB) and asked the Macon Repeater Group if we would consider adding Echolink to the NØPR Repeater. We agreed to consider that idea.

We discussed how important it is for Area Hams to check into the Macon County ARES Net at 7:30 every Wednesday evening. If there is a need for Amateur Radio support needed to assist in an emergency or disaster, it is important that area Hams to see if their equipment is working. Checking into the net also allows Local Hams to learn just how well their stations gets into the Macon Repeater (146.805- 156.7/156.7 tones).
